

JAWAHAR NAVODAYA VIDYALAYA SELECTION TEST (JNVST) – CLASS 6

Syllabus for Admission Year 2027-28

(Exam Date: 28 November 2026)

Exam Overview

Conducting Body	Navodaya Vidyalaya Samiti (NVS), Ministry of Education
Exam Mode	Offline (OMR-based)
Total Questions	80 Objective (MCQ)
Total Marks	100
Duration	2 Hours (11:30 AM – 1:30 PM)
Marking Scheme	+1.25 marks per correct answer No negative marking
Qualifying Marks	Section 1: 14 Arithmetic: 7 Language: 7 (must clear each)
Extra Time	40 minutes for Divyang (differently-abled) candidates

Exam Pattern

Section	Subject	Questions	Marks	Duration
Section 1	Mental Ability Test (MAT) + Environmental Studies (EVS)	20 + 20 = 40	25 + 25 = 50	60 minutes
Section 2	Arithmetic Test	20	25	30 minutes
Section 3	Language Test (Reading Comprehension)	20	25	30 minutes
Total		80	100	2 Hours

Note: The first section (MAT + EVS) carries 50% of the total marks and is the most important section.

1. Mental Ability Test (MAT) – 20 Questions

This is a **non-verbal** test based only on figures and diagrams. It assesses observation, pattern recognition, spatial ability and logical thinking. No language reading is required for MAT questions.

Main Topics:

- Pattern Completion (including alphabetical and number patterns)
- Figure Series Completion
- Geometrical Figure Completion (Triangle, Square and Circle)
- Mirror Imaging
- Water Imaging
- Embedded Figures

The MAT portion is usually divided into 5 parts with 4 questions each.

2. Environmental Studies (EVS) – 20 Questions

EVS is a revised/new component introduced in the 2027 pattern. It tests basic awareness of surroundings and integrates concepts from Science, Social Science and Environmental Education (primarily Class 3–5 level).

A. The Natural World

-
- Transportation
 - Rivers
 - Mountains
 - Plants
 - Animals on land and in water
 - Natural disasters
 - Types of houses and shelters
 - Water cycle (evaporation, condensation, precipitation, infiltration)

B. The Human Body

- Food and nutrients
- Hygiene and cleanliness
- Super senses
- Basic knowledge of the digestive system
- Basic knowledge of the circulatory system
- Basic knowledge of the respiratory system

C. Science in Daily Life

- Food preservation methods
- Water pollution
- Air pollution
- Conservation of water
- Conservation of soil

D. Social Surroundings

- Superlatives of India
- States and Capitals
- National symbols
- Different landscapes
- Festivals
- Seasons
- Forests
- Crops
- Clothes and fibres

Typically includes 15 MCQs + 1 short passage followed by 5 questions.

3. Arithmetic Test – 20 Questions

Focus is on **understanding and application** of concepts rather than rote calculation. Based mainly on Class 5 level mathematics.

Topics:

1. Number and Numeric System (ascending/descending order, nearest 10/100/1000, number names, place value)
2. Four Fundamental Operations on Whole Numbers
3. Factors and Multiples (including their properties)
4. Fractions – Addition & subtraction of **like** fractions + Multiplication (Unlike fractions and division of fractional numbers are **not** included)
5. Measurement of Length, Mass, Capacity, Time, Money and Unit Conversion
6. Simplification of Numerical Expressions
7. Perimeter and Area – Perimeter of polygons; Area of Square, Rectangle and Triangle (as part of a rectangle)
8. Types of Angles and their simple applications (including Directions and Mapping)
9. Data Analysis using Bar Diagrams, Tables and Pictographs

4. Language Test – 20 Questions

This section tests **reading comprehension** only. There are no standalone grammar or vocabulary theory questions.

Structure:

- 4 short passages
- Each passage is followed by 5 questions ($4 \times 5 = 20$)
- Questions check direct comprehension, vocabulary in context (synonyms/antonyms), inference, cause-effect, etc.
- Conducted in the language chosen by the candidate at the time of application (multiple regional languages available)

Important Notes

- The syllabus is largely based on the NCERT curriculum of Classes 3, 4 and 5.
- Mental Ability + EVS together carry 50% of the total marks — give equal importance to both figure-based reasoning and environmental awareness.
- Answers must be marked on the OMR sheet using only a blue/black ball-point pen (pencil is not allowed).
- Candidates must ensure the OMR sheet and question booklet carry the same number.
- Always refer to the official NVS prospectus available on **navodaya.gov.in** for the final and most authentic information.

This document is prepared based on the revised syllabus announced in the official JNVST 2027 prospectus released by Navodaya Vidyalaya Samiti.
